Statement of Customer Responsibilities

All items included in your shipment that are considered to be of extraordinary (unusual) value must be specifically identified and the carrier must be advised that they are included in the shipment. Typical household items frequently having a value in excess of \$100.00 per pound per article include, but are not limited to: antiques, china, crystal, figurines, furs, objects of art, oriental rugs, computer software, silverware and tapestries.

The purpose of this inventory is to assist you in identifying articles of extraordinary or unusual value in order that the carrier will be aware of those items that require special handling and protection. Failure to identify such articles will result in limited carrier liability.
